

SRT 300 DX

SRT 300 DX

Introduction

Limitless Exploration Adventure Redefined

Fire up the SRT 300 DX and unleash your inner predator - let raw engine power tear through the silence.

Untamed spirit meets wild ambition. Blood running hot.

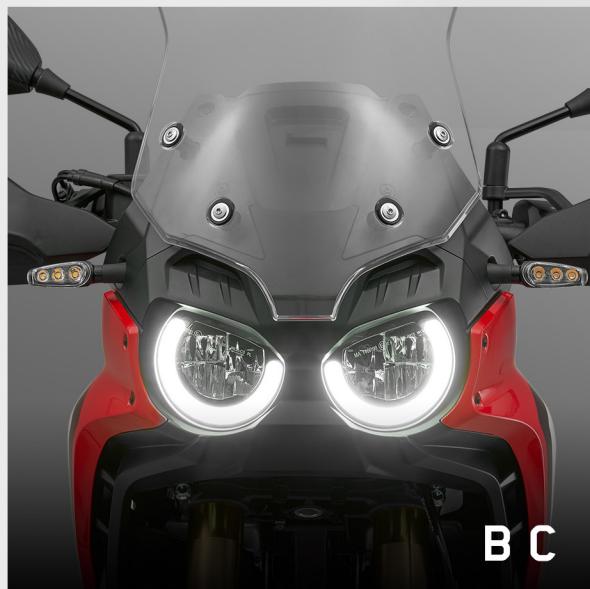

Dominate rough terrain, embrace the unknown, prowl through wilderness and taste pure adrenaline. Let mud, gravel, wind and rain become your war paint, sculpting a fearless, untamed soul.

DESIGN Look

Stunning at First Sight

A. Bold Styling for Any Terrain

Streamlined body with adventure-ready details, designed for all-terrain domination.

B. Dual Round LED Headlights

Retro headlights turn night to day while commanding every street. Cut through any crowd and own the spotlight.

C. Front Fog Lights (optional)

EQUIPMENTS

Features

Powerful Engine for Boundless Adventure

Single-Cylinder Liquid-Cooled Engine

Equipped with a 292cc single-cylinder liquid-cooled engine tuned for off-road performance, the vehicle delivers strong low-end torque to power you out of tough terrain with ease. Every twist of the throttle unleashes raw energy, fueling your passion for adventure and keeping the excitement alive ride after ride.

Maximum power

21.5kW/9000rpm (29.3ps)

Maximum torque

24.5N·m/7000rpm

Under-Engine Guard for Worry-Free Power

The skid plate shields the heart of the machine, giving you confidence to take on every off-road challenge.

Impressive Ground Clearance, Ready for Any Challenge

A.225mm Ground Clearance

Delivers superior passability.

From rocky trails to muddy paths, SRT 300 DX handles it all with ease, letting you grow more confident and skilled with every ride.

B.830 mm Seat Height with Integrated Step-Up Seat

Designed for rider-machine harmony, the 830 mm seat height fits most riders.

Whether for leisure or daily commuting, it ensures a seamless connection between the rider and machine for pure riding pleasure.

C.Front 21"/Rear 18" Spoked Wheels + CST Large-Particle Off-Road TiresGreatly enhances passability on unpaved surfaces like mud and gravel roads.

Greatly enhance passability on unpaved surfaces like mud and gravel roads.

D.High-Position Exhaust Design

Improves the vehicle's water-wading capability to handle harsh road conditions.

E. (Optional) Front 19"/Rear 17" Wheel Hubs, 820mm Seat Height

Lowered seat height accommodates different working conditions and rider needs.

F.(Optional) Three-Piece Luggage System

Effortless Control, Taming the Wild with Ease

A. Front Suspension with Inverted Large Stroke Dual Dampers

Delivers outstanding shock absorption for strong vehicle stability.

B. Rear Suspension with Spring Oil Damping

Balances comfort and handling, adaptive to various surfaces.

C. Widened Toothed Footpegs

Increase friction for better vehicle control, ensuring steadier stand-up riding.

Wilderness Hunter, Light and Unstoppable

Lightweight Body + High-Strength Frame

With a curb weight as low as 157kg, the lightweight machine slices through the wind, while the high-strength frame stays rock-solid over rough terrain.

Lighter, yet more hardcore!

Complex Conditions, Smooth Confidence

A. Front 300mm, Rear 220mm Disc Brakes:

Powerful braking performance, stopping distance reduced.

B. Dual-Channel ABS:

Prevents wheel lock-up, enhancing riding safety on challenging terrains.

On your off-road journey, safety always comes first. SRT 300 DX, with its outstanding safety features, lets you embrace every adventure with confidence.

Comfort Riding, Long Off-Road Adventures

A. Ergonomic Design

Thoughtfully engineered for rider comfort and safety - from feet to knees, hips to hands - to maintain control and stamina in demanding conditions. It provides comfort riding for long off-road adventures.

B. High-Position Windshield

Enhances protection, shielding against wind and sand during rides, ensuring a comfortable touring experience.

C. Personalized Mods, Elevating Off-Road Experience

Equipped with pre-installed mounts for crash bars and spotlights, it effortlessly transforms into a fully loaded adventure beast: gliding through city streets by day, lighting up the wild at night.

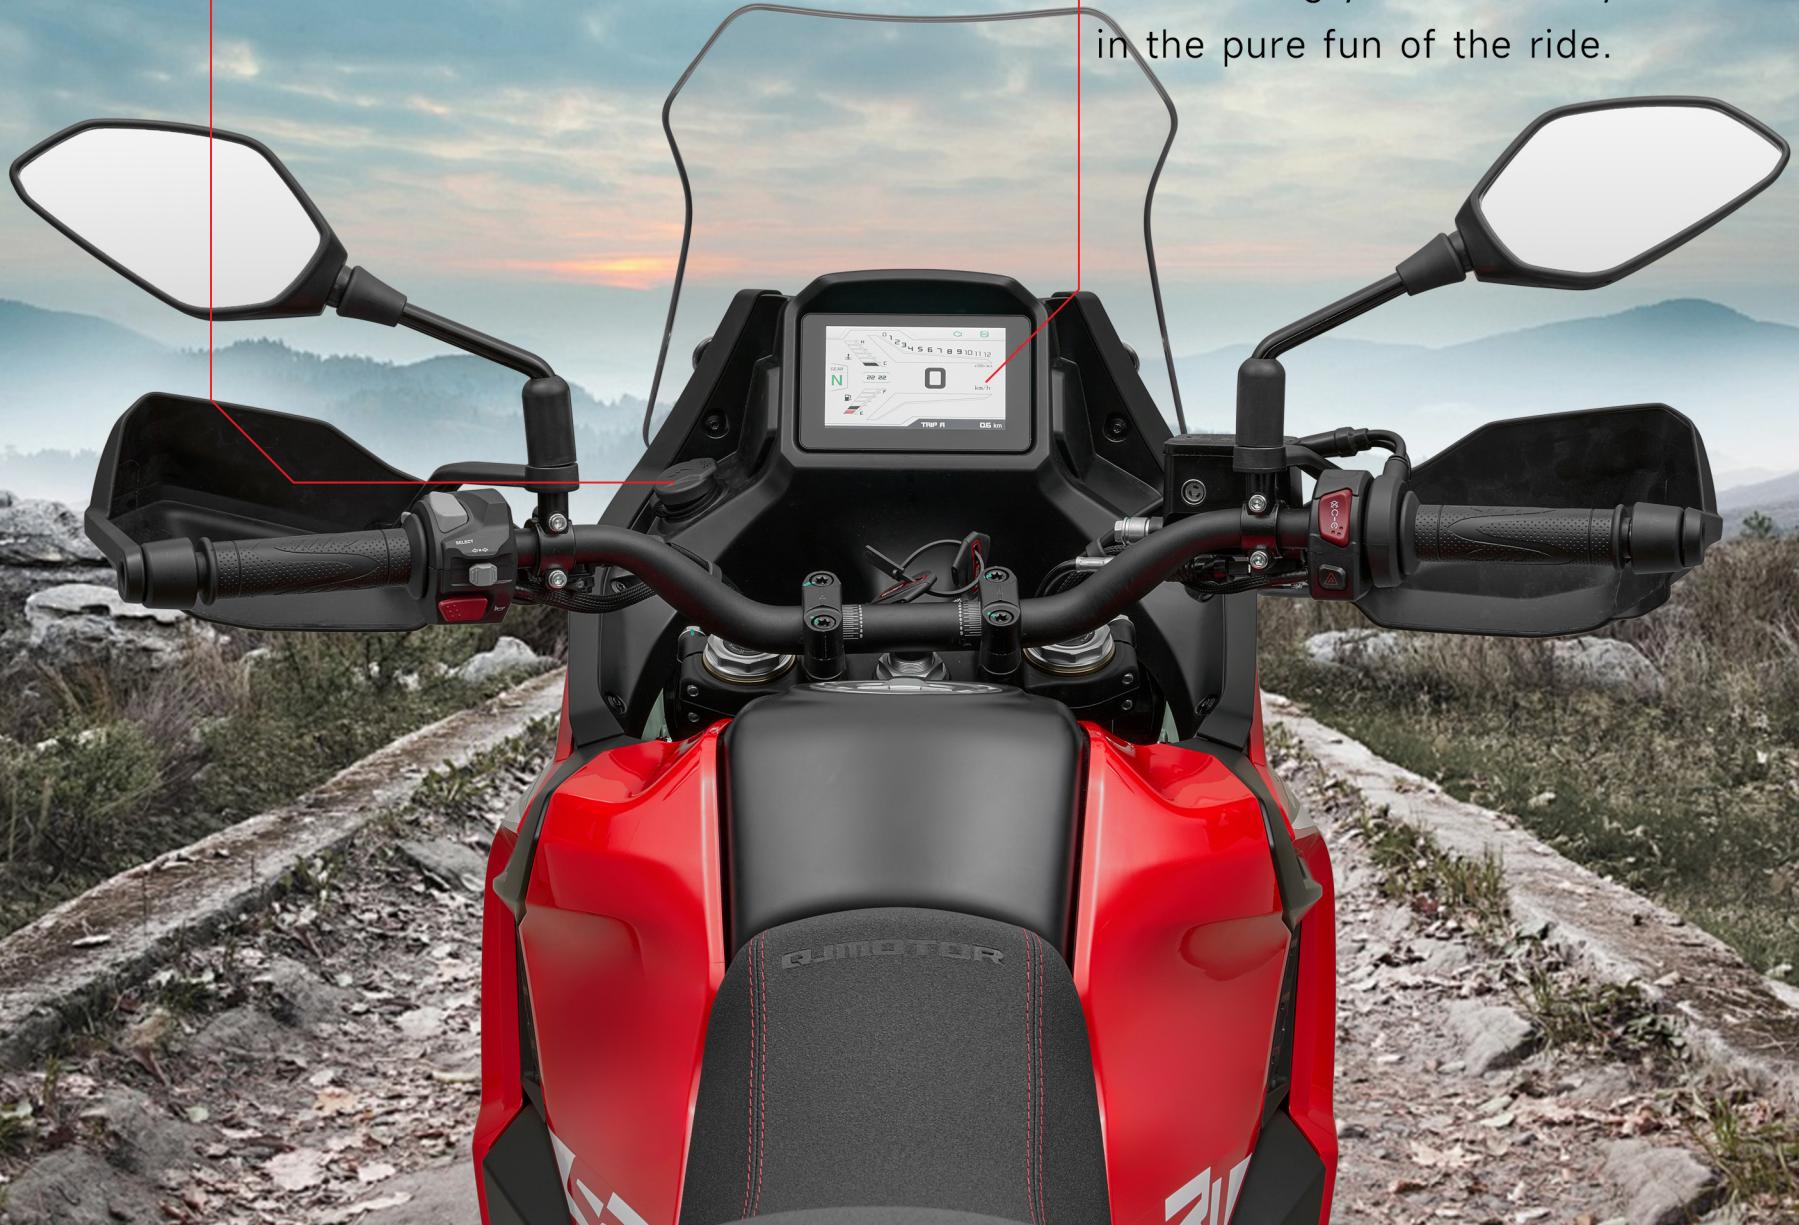

- **USB-A & USB-C Charging Ports**

Power your outdoor gear on-the-go, no more battery anxiety

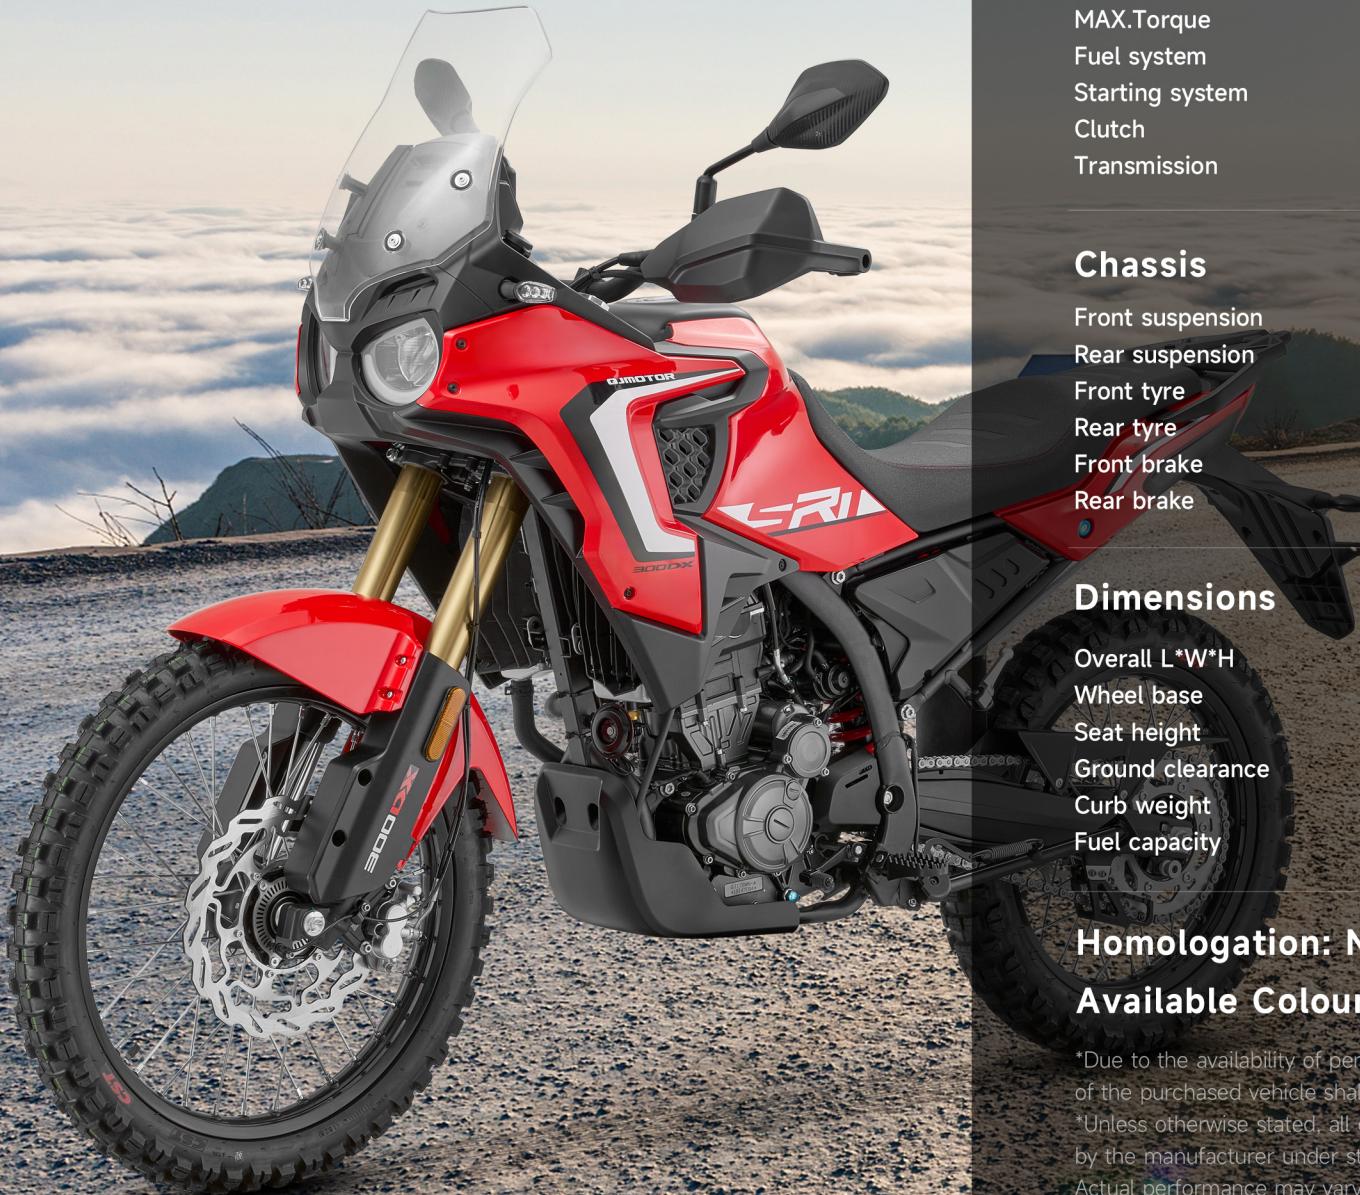

- **TFT Display or (optional) LCD Display**

Delivers clear, essential riding data, letting you immerse yourself in the pure fun of the ride.
